GPT2 Car Sheet Prompt

AI Engine: ChatGPT 2

IMAGE GEN PROMPT

Create a professional cinematic vehicle specification sheet for a custom Porsche 911 R-SPEC using the supplied yellow Porsche 911 as the exact reference. Preserve the body shape, proportions, paint, wheels, and design throughout.

Layout: Clean white background with a premium automotive presentation-board layout.

LEFT: Large side-profile hero render. PORSCHE 911 R-SPEC. "Designed to hunt, not to be hunted." Vehicle Info: Make, Model, Year, Class, Origin, Theme. Performance: Power, Torque, 0-60, Top Speed.

CENTER: TURNAROUND — Front 3/4, Rear 3/4, Side, Top. DRIVETRAIN — Engine, Brakes, Cockpit. COLOR PALETTE — Five paint swatches. LOGOS — Two custom emblems.

RIGHT: DETAILS — Headlight, Taillight, Wheel & Brake, Engine Fan, Dashboard, Door Handle, Exhaust.

STYLE: Clean white background, bold typography, yellow/red accents, premium automotive presentation, cinematic, print ready.

Seedance Prompt Sheet

SUBJECT & ENVIRONMENT

Classic yellow Porsche 911. Preserve the exact body, wheels, paint, proportions, reflections, and side profile throughout every shot. No redesign, morphing, or geometry changes.

Environment: Wet mountain road at night with reflective asphalt, pine forest, cloudy sky, bright full moon, and empty road.

Color: Deep blue moonlight, glossy yellow paint, warm headlights, cool reflections, wet asphalt highlights, amber dashboard glow.

Style: Premium automotive commercial, ultra-realistic, HDR, ray-traced lighting, realistic materials, cinematic grading, shallow DOF, natural motion blur, Unreal/Octane quality, 8K.

Audio: ASMR engine, tire grip, wind and road ambience only. No music.

SHOT 1 — HEADLIGHT IGNITION (2S)

00:00–00:04 — Extreme macro close-up of the left headlight. The engine starts as the warm LED powers on. Rain droplets shimmer across the glass before a hard cut to the driver's POV. Dashboard glows amber with subtle steering corrections.

SHOT 2 — FRONTAL TRACKING (3S)

00:04–00:06 — Ultra-low frontal tracking shot just above the wet road. The Porsche accelerates toward camera while remaining perfectly centered. Headlight reflections, suspension movement, water spray, and motion blur emphasize speed.

SHOT 3 — UNDER-CAMERA PASS (3S)

00:06–00:10 — Camera tracks backward at matching speed as the Porsche enters a sweeping curve. The vehicle remains sharp before passing directly over the camera in one seamless cinematic movement.

SHOT 4 — REAR WHEEL SLOW MOTION (3S)

00:10–00:14 — Camera locked beside the rear wheel. Transition from real time into slow motion, showcasing wheel rotation, tire deformation, suspension travel, water spray, and glossy reflections before returning to real time.

SHOT 5 — HYPER-SPEED SIDE PROFILE (4S)

00:14–00:16 — Locked side-profile tracking shot. As the Porsche accelerates, reflections stretch across the body while trees and mountains blur into horizontal streaks. Finish with an explosive burst of speed as the car exits frame.

SHOT 6 — HYPER-SPEED SIDE PROFILE (4S)

00:16–00:20 — Continue seamlessly from the previous shot. As the Porsche exits frame, its light trail, mist, and glowing particles converge into a premium brushed-metal Porsche 911 emblem. The wet road reflects the logo while a soft light sweep reveals the metallic finish before holding on the centered emblem.

SUNO AI — Music Prompt

PROMPT

Dark cinematic trap instrumental with deep 808s, punchy drums, analog synths, atmospheric pads, cinematic risers, and powerful impacts. Premium, mysterious, high-speed automotive atmosphere inspired by luxury supercar commercials. No vocals. 140 BPM.
